Description :

Prsentation de l'diteur'You have talked so often of going to the dogs - and well, here are the dogs, and you have reached them.' George Orwell's vivid memoir of his time among the desperately poor and destitute in London and Paris is a moving tour of the underworld of society. Here he painstakingly documents a world of unrelenting drudgery and squalor - sleeping in bug-infested hostels and doss houses, working as a dishwasher in the vile 'Hotel X', living alongside tramps, surviving on scraps and cigarette butts - in an unforgettable account of what being down and out is really like.Includes an introduction by Dervla Murphy, as well as definitive footnotes assigned to Orwell..comWhat was a nice Eton boy like Eric Blair doing in scummy slums instead of being upwardly mobile at Oxford or Cambridge? Living Down and Out in Paris

and London, repudiating respectable imperialist society, and reinventing himself as George Orwell. His 1933 debut book (ostensibly a novel, but overwhelmingly autobiographical) was rejected by that elitist publisher T.S. Eliot, perhaps because its close-up portrait of lowlife was too pungent for comfort. In Paris, Orwell lived in verminous rooms and washed dishes at the overpriced "Hotel X," in a remarkably filthy, 110-degree kitchen. He met "eccentric people--people who have fallen into solitary, half-mad grooves of life and given up trying to be normal or decent." Though Orwell's tone is that of an outraged reformer, it's surprising how entertaining many of his adventures are: gnawing poverty only enlivens the imagination, and the wild characters he met often swindled each other and themselves. The wackiest tale involves a miser who ate cats, wore newspapers for underwear, invested 6,000 francs in cocaine, and hid it in a face-powder tin when the cops raided. They had to free him, because the apparently controlled substance turned out to be face powder instead of cocaine. In London, Orwell studied begging with a crippled expert named Bozo, a great storyteller and philosopher. Orwell devotes a chapter to the fine points of London guttersnipe slang. Years later, he would put his lexical bent to work by inventing Newspeak, and draw on his down-and-out experience to evoke the plight of the Proles in 1984. Though marred by hints of unexamined anti-Semitism, Orwell's debut remains, as *The Nation* put it, "the most lucid portrait of poverty in the English language." --Tim Appelo

Revue de presse
The white-hot reaction of a sensitive, observant, compassionate young man to poverty (Dervla Murphy)
Orwell was the great moral force of his age (Spectator)
